

HOMES FOR OUR TROOPS  
Huntsville Golf Classic

**ITSC**  
Secure Solutions

**The 2<sup>nd</sup> Annual  
Homes For Our Troops  
Huntsville Classic  
October 1 – 30, 2020**

**Format:** This tournament is an 18-hole **two-person scramble** that can be played at the course of your choice anytime in the month of October. Each team will select a tee box based on their flight (see below), from which **both** players will hit from for the entire round. Each player will hit their tee shot from that tee box and the team will select the best tee shot. Both players will then place their ball within one club length of the best tee shot and proceed with each player hitting the second shot. The team will then select the best shot and repeat the procedure until the ball is in the hole.

**Rules of Play:**

1. Ball may be moved one club length while keeping in the same condition (i.e. you **may not** move a ball from the rough to the fairway, from the bunker to the grass, from the fringe to the green, etc.)
2. Ties will be broken by USGA method. Back 9 total, last 6, last 3
3. Maximum score on each hole is **Double Bogey** (pick up ball if you do not make Bogey)
4. Each team can purchase a **maximum** of 4 mulligans to use during the tournament (purchase at registration)

**Flights and Tee Rules:**

- **Men's Flight** (two male golfers): White Tees
- **Ladies' Flight** (two female golfers): Red Tees
- **Co-ed Flight** (one male and one female golfer): Red Tees

**Scoring:** Scoring will be based on the following factors: Gross Score and golf course rating/slope calculation. Indicate the golf course and tee box in which you are playing from on your scorecard. Record your score for each hole to get your Gross Score. Net score will be calculated based on your Gross Score, and the course's slope and rating for the tee box in which you played from (slope and rating are clearly marked on the scorecard for each set of tees). **Scoring Example:** If your team plays Huntsville Country Club and shoots a 62 from the blue tees with a course ranking/slope of 70.3/122, your Net Score would be 54.31 (see calculation below).

**Scoring Formulas:**

1. **Course Rating/Slope Differential:**  $((\text{Gross Score} - \text{Course Rating}) \times 113) \div \text{Course Slope} = \text{Course Rating/Slope Differential}$
2. **Net Score:**  $\text{Gross Score} + \text{Course Rating/Slope Differential} = \text{Net Score}$

**Scoring Example Calculated:**  $((62 - 70.3) \times 113) \div 122 = -7.69$  Course Rating/Slope Differential. Then, plug Differential into the Net Score formula...  $62 + (-7.69) = 54.31$ , giving you a Net Score of 54.31.

**Prizes:** 1<sup>st</sup> Place for each Flight, 2<sup>nd</sup> Place for each Flight, Last Place for each Flight, and one random place finisher will be drawn from each Flight.

**Scorecard Entry Requirements:**

**Required items to be sent to [GOLF@ITSC-SS.com](mailto:GOLF@ITSC-SS.com):**

- 1. Picture of score card including:**
  - a. Course name**
  - b. Course location**
  - c. Date of your round**
  - d. Both players' names**
  - e. Score for each hole**
  - f. Tee box played from each hole**
- 2. Picture of your team in front of sign at chosen golf course**
- 3. Approval/disapproval of posting photos on social media sites**

**Thank you for playing!**
